

Hemant Pramod Mahajan

Software Developer

I am a recent graduate with strong technical skills in programming, algorithms, and data structures. With experience in segment labeling for autonomous vehicle projects, I am adept at ensuring high-quality data annotation for machine learning models. I am eager to apply my knowledge to dynamic projects, contribute to high-quality software development, and embrace continuous learning and teamwork.

EDUCATION

Post Graduation Diploma in - Advanced Computing (DAC)

ACTS - Centre For Development Of Advanced Computing, Bangalore, Karnataka

03/2023 - 09/2023

60%

B.Tech.

Dr. Vishwanath Karad MIT World Peace University (MIT-WPU) Pune, Maharashtra

08/2019 - 06/2022

8.06 CGPA

Diploma

K. K. Wagh Polytechnic, Nashik, Maharashtra

07/2015 - 01/2019

60.48%

Matriculation

Vidya Prabodhini Prashala, Nashik, Maharashtra

03/2015

66.60%

APPRENTICESHIP

Data Labeler

NVIDIA Graphics Pvt Ltd

04/2024 - Present

Pune

Tasks

- Performed segment labeling for an autonomous vehicle project, ensuring high-quality data annotation for machine learning models. Collaborated with a team to accurately label and segment images and video data. Utilized labeling tools and software to maintain precision and consistency in data annotations.

Engineer Intern

Emcure Pharmaceuticals Ltd

04/2022 - 06/2022

Daund, Maharashtra

Tasks

- Developed a comprehensive understanding of the pharmaceutical industry, including regulations, quality control processes, and manufacturing practices. Participated in process improvement projects, identifying areas for optimization and implementing solutions to enhance efficiency and reduce costs.

WORKSHOPS

Design Thinking Workshop Institute Name: Etisalat Academy, Dubai, United Arab Emirates (03/2022)

Problem Solving

PERSONAL PROJECTS

Advanced Asset Management System: Streamlining Operations with Role-Based Dashboard, Real-Time Status, QR Code Allocation, and Report Generation (07/2023 - 06/2023)

- The objectives include personalized access for users, improved decision-making through real-time data, efficient asset tracking with QR codes, and valuable insights for optimized resource allocation and effective asset lifecycle management. Developed a role-based asset management dashboard, enabling efficient and secure asset management processes based on user roles and permissions.

CERTIFICATES

SAP01 Training Program organized by SAP and R. Solutions Pvt. Ltd.

ACHIEVEMENTS

Brain Vita - 2017

Organized and contributed in National Level Aptitude Test "Brain Vita - 2017" organized by Department of Chemical Engineering, K. K. Wagh Polytechnic, Nashik.

National Entrepreneurship Awareness Camp

Organized and contributed in National Entrepreneurship Awareness Camp organized by Department of Science and Technology, New Delhi as well as Department of Chemical Engineering, K. K. Wagh Polytechnic, Nashik
